

DeWALT® XR DCF403 (SKIN)

18V Cordless Riveter

The DCF Series Cordless Riveters are designed to set rivets up to 4.80mm in all materials, making them perfect for both onsite installations and production work. Featuring a compatible battery system, these DeWALT rivet guns offer seamless interchangeability with other tools in the DeWALT 18V XR range. With these capabilities, the DeWALT DCF403 is a top choice for professionals seeking a dependable and versatile cordless rivet gun.
