

Gesipa® FireBird® PRO GOLD

Rivet Nut Setter | Industrial Cordless

The FireBird® Pro Gold now with CAS compatible battery system. The setting force of 20,000 N and the well-proven brushless motor make the FireBird® Pro Gold both powerful and fast (setting capacity up to M12 steel) The FireBird® Pro Gold is controlled solely by the setting force adjustment. The thread of the blind rivet nut is therefore optimally protected while ensuring the blind rivet nut is securely anchored in the material.

Setting Capacity

Fast and simple change of mandrel and nosepiece

Electronic setting force adjustment

Two battery kit with charger, supplied in a Plastic carry case

Storage case to avoid losing mandrels & nosepieces

Contoured grip for flexible and ergonomic operation, ideal when in use for extensive periods

Sliding 18 volt Li-Ion battery with charging indicator with non-slip surface and lower centre of gravity

MADE IN GERMANY

Specifications		Package Accessories
Product Code:	GT-FIREBIRD-PG/CAS2	Mandrels and Nosepieces for M6, M8 and M10 rivet nuts
Weight:	2.40 kg (with 2.0 Ah battery)	1 x Hexagonal Wrench SW4
Length:	294 mm	2 x Double open ended Wrenches SW 24/27
Operating Voltage:	18 V DC	1 Charger and 2 Batteries
Pulling Force:	20,000 N	Operating manual & Setting Force Guide
Stroke:	10 mm	L-Boxx Carry Case
