

SRC A6

Pneumatic Riveter

The SRC A6 is a high-value air hydraulic riveting tool featuring a lightweight, ergonomic design for easy operation and reduced operator fatigue. It offers a longer stroke, robust performance, minimized noise, and adjustable vacuum airflow for enhanced efficiency.

Setting Capacity

Removable nose holder for quick and easy cleaning and maintenance

Spring balance attachment for fatigue free operation

Non-protruding trigger for easy and safe operation

Adjustable Vacuum Extraction allowing for single hand operating and rivet nail retention

Reduced body size and weight of the tool for flexible and ergonomic operation

Pneumatic on/off valve allows for continuous airflow without any break or stops

Transparent Mandrel collecting system

Easy to access nosepieces, organised to reduce loss of parts.

Specifications		Package Contents
Product Code:	RT-A6	Nosepieces for 4.00, 4.80 and 6.40mm Rivets
Weight:	1.45 kg	3mm Allen Key, Hydraulic Oil and Priming Syringe
Length:	300 mm	Spare set of Jaws, Jaw Case, Spring and Jaw Pusher
Operating Air Pressure:	75 ~ 100 psi 5 ~ 7 bar	Airline Fitting
Pulling Force:	10.0 kN	Operating and Maintenance Manual
Stroke:	20.0 mm
